Double Occupancy \$2835*

Deposit \$700

Unlimited Nitrox \$100

Airfare DFW / MLE \$TBD

Following Paid Onboard

Tourist & Bed Tax \$146

The Maldives Islands lie Southwest of India. Scattered across the equator in the middle of the Indian Ocean, the gem-like islands of the Maldives depict the rare vision of a tropical paradise. Palm fringed islands with sparkling white beaches, turquoise lagoons, clear warm waters and coral reefs teeming with abundant varieties of marine flora and fauna, fascinates visitors as it has for thousands of years.

There are three distinctly different types of diving: inside the atolls, outside the atolls and inside the channels or passes, which is where the currents are strongest and you'll find the greatest congregation of fish life. Most intriguing are the cleaning stations, found around every corner and under every ledge. Groupers, Snappers, Surgeonfish, Eels, Parrotfish, even Giant Napoleon Wrasse park casually in corners, oblivious to all, (including cameras) while armies of wrasse, shrimp and other assorted cleaners pick at debris in their open gills and cavernous mouths.

The big attraction, however, are the schools of fish that patrol the reefs in colorful packs: Humpback and Black and White Snappers, Trevally Jacks, Barracuda, Batfish, Unicornfish, Yellowback Fusiliers and Harlequin Sweetlips almost comical in design. The reef's larger inhabitants, including sharks, rays and occasionally even Whale Sharks, are often seen cruising in the blue.

Instructor available on all trips for continuing education. All pricing based on double occupancy.
All trips have limited availability. *All prices are subject to change without notice*
